

# Promote True Compassion

Say No on Question 2.

*Assisted suicide **is suicide...**  
and suicide is always a tragedy.*

## ***Why Oppose Assisted Suicide?***

*There are many reasons to oppose assisted suicide in addition to arguments of our Catholic faith.*

- Doctors agree that terminal diagnoses of 6 months or less are often inaccurate and patients often live months, even years, longer.
- Question 2 does not require a patient to consult with a psychiatrist before receiving a prescription to commit suicide and many terminally ill patients suffer from depression
- Question 2 does not require a consultation with a palliative care or hospice expert.
- No doctor is present when the patient takes the lethal prescription.
- There is no requirement that the patient notify family members.
- We should be supporting improved hospice and palliative care statewide, not legalized suicide.
